

Directions to the Bishop State Community College

From East: Before you get into Mobile across the Bay on I-10 and take the Government Street exit and go through a traffic light and then under the river through the Bankhead Tunnel. When you get through the tunnel, go about one mile to Broad Street and take a right. Go through several lights and almost a mile and look for Bishop State Community College on your left. Before you come to a service station on the right, take a left on Lyons St. between the F. Evans Cultural Centre and new construction. Take your first left off Lyons (just past the Evans building) and then turn into the parking lot.

From West: Take I-10 to I-65 North. Exit east onto either Dauphin St. or Springhill Ave and go three plus miles until you come to a light at Broad Street. Take a left and follow the directions above!
