On September 20th, 2006, five local swimmers were invited to attend a swim clinic conducted by the American Olympic Swim Team Coach, Eddie Reese. The clinic was hosted by MYB coach Paul Mielke. Mr Reese gave an inspirational speech, and then conducted an in-water clinic which he taught the swimmers some drills that he uses with his Olympic athletes. Although the clinic was a wonderful experience for the swimmers, the big surprise came after the clinic was over. Coach Reese invited our five swimmers to stay over night and attend a workout that he personally was running. That in itself was a memory that our swimmers will have for the rest of their lives. Go ECS!!!
